Ralph Allen School

Respect • Teamwork • Personal Best

Dear Parents/carers

Please pass onto your year 11 student.

I do hope you've had a good break away from all your work for the spring assessments; we know how much work you put into them, and we have been really impressed with how you have coped with the uncertainty caused by the grades having to be assessed in this way.

At last, you can start to focus on your next steps and because you've got an unusually long period of time between now and the start of your post 16 courses, we have prepared some '**Bridging Units**'. These are suggestions of things to read and watch which will be a great background to the A Level/BTec courses you will be starting in September.

All the bridging units are in the Year 11 Team, which has been set up as part of Teams and which you can still access using your Ralph Allen log-ins. They can also be downloaded from the Ralph Allen Website, in the Sixth Form section called Sixth Form Induction Day and Bridging Work. So just find the subjects which you are planning to take and have a look through the various activities.

Sixth Form Induction Day is on **Wednesday 23 June** for those of you coming into the Ralph Allen Sixth Form. You will have taster lessons and your teachers will give you further guidance about the best ways in which to prepare for post 16 study.

Best regards,

Mr Chantry

Deputy Headteacher
